

Business Ethics

Business Ethics from CityLearning is a leading training solution for credit and financial institutions. This interactive eLearning course provides staff with an overview of what it means to conduct business ethically.

Business Ethics offers a practical way of ensuring that your staff are trained and tested in conducting business fairly and transparently. All test results are recorded for easy verification of compliance training.

CityLearning is a leading provider of compliance eLearning solutions in the UK and Ireland.

Who is it For?

Tailored versions of Business Ethics are available for various financial sectors, including:

- Accountancy firms
- Asset management
- Credit unions
- Insurance
- Investment banking
- Leasing and finance
- Life assurance
- Mortgage providers
- Retail banking
- Solicitors
- Stockbroking
- Treasury
- Wholesale banking

What Does the Course Cover?

Business Ethics consists of three modules, each covering a key aspect of business ethics and ending with a short module quiz comprising randomly generated questions. A course test, also randomised and based on specific objectives of all three modules, completes the course.

Defining Business Ethics

- defines business ethics.
- explains why ethical behaviour is essential in day-to-day business.
- identifies key obligations and duties that implement ethical standards.

Legal and Reporting Obligations

- identifies obligations with regard to law, regulations and reporting breaches.
- explains how to seek guidance on compliance issues.

Conflicts of Interest

- defines conflicts of interest.
- discusses actual and potential conflicts of interest.
- explains how business ethics affect work practices.
- explains key requirements with regard to avoiding conflicts of interest.

Sample Case Studies – Case Studies Updated Annually

US and UK regulators fined a bank a total of £290 million for its part in manipulating the London Interbank Offered Rate (LIBOR).

A carmaker admitted that 11 million of its cars were equipped with software designed to cheat emissions tests.
